

Now's the time to book advertising space in our 2010 July annual conference programs!

In 2010 the HTAV will be hosting not one, but **three major conferences** that will attract many teachers and educators. These events are:

HTAV Annual Conference – Future Directions 22–23 July 2010

HTAV Primary Conference – 3 September 2010

HTAV Middle Years Conference – 22 October 2010

These three events provide an excellent opportunity for organisations to promote their publications and services directly to teachers of History and Humanities subjects.

The July annual conference program will be mailed to schools across Australia. The HTAV is offering a limited number of organisations the opportunity to sponsor these program booklets by purchasing advertising space in the July annual conference program.
