HISTORY MERCHANDISE

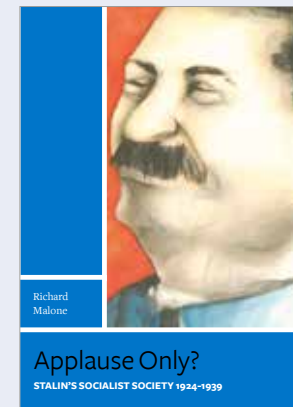

For the full range of HTAV's history merchandise, please visit www.htav.asn.au/shop.

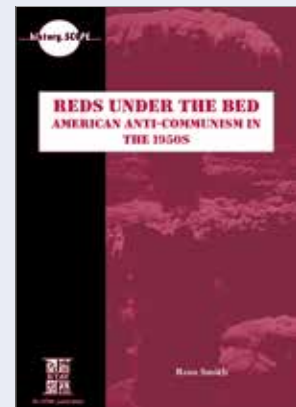

This second edition of a popular text has been fully revised with the addition of new documents, images, questions, bibliography and websites. It allows students to explore and understand the momentous changes through the Civil Rights movement of the 1960s, which influenced liberation movements across the world.

Tracing the Nazi Party's journey from the fringes of German politics in 1919 to centre stage in 1930, this book examines—with the aid of documents—the demise of the Weimar Republic, the development of Nazi ideology and the growth of the Nazi Party.

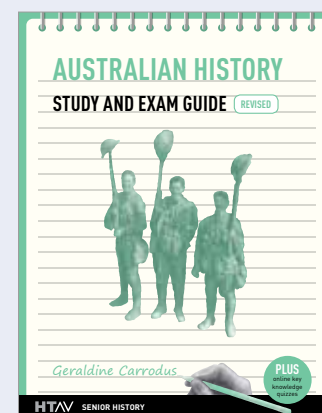

This overview of Stalin's dictatorship provides a valuable insight into the complexities and brutality of the 'Red Tsar's' rule. Each chapter includes primary resources, student activities and an analysis of a key issue.

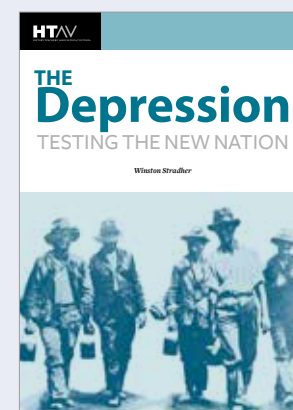

This work examines the clash of ideologies that shaped American popular culture and politics in the early years of the Cold War. It includes a range of classroom activities and film worksheets on a range of science fiction films with Cold War subplots.

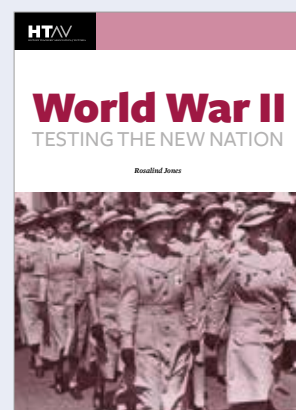

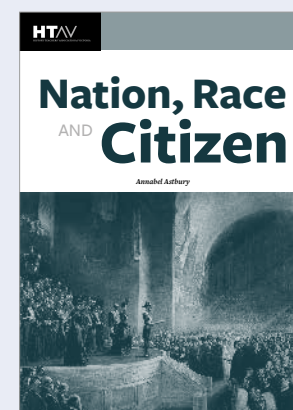

AUSTRALIAN HISTORY

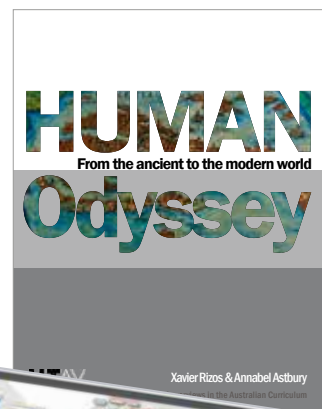

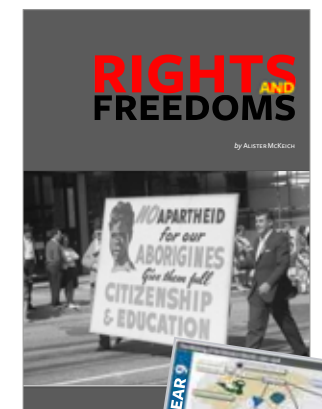

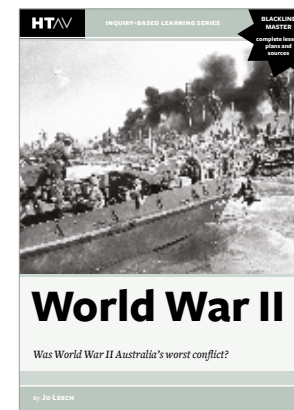

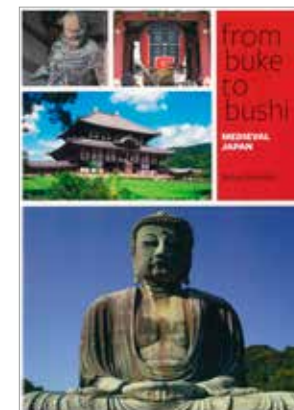

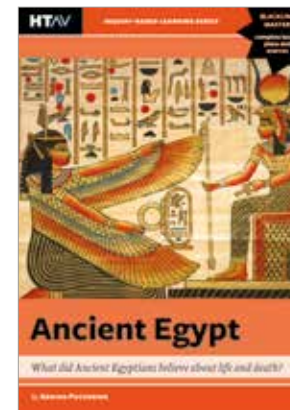

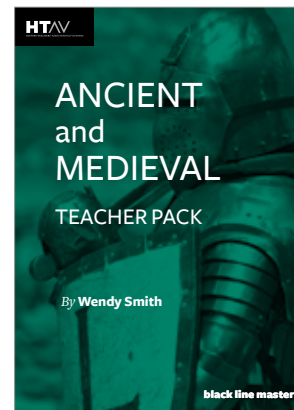

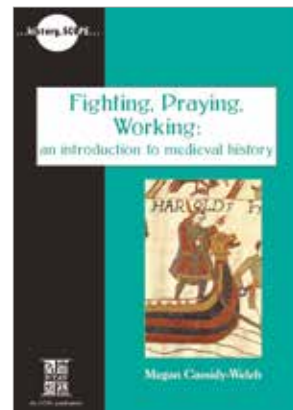

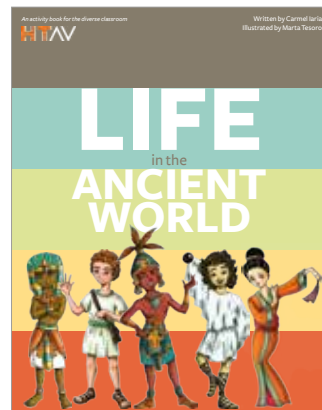

Part of HTAV's Senior History Series, the *Australian History Study and Exam Guide* includes exam preparation tools and focuses on the following key knowledge areas of the 2016-2020 VCE Study Design: The Reshaping of Port Phillip District/Victoria, Making a People and a Nation, Crises that Tested the Nation (The Great Depression / World War II), Voices for Change (Australia's Involvement in the Vietnam War / Aboriginal Land Rights / Equality for Women / New Patterns of Immigration).

Each of these short overviews for teachers and senior students includes an introductory essay, a collection of primary sources and a range of classroom activities.
