

1. Please take toilet breaks when you need to. You don't need to ask our permission.
2. We will have a 15-minute break for afternoon tea.
3. Please be on time to all digital sessions and when returning from breaks. We have a lot of history to fit in!
4. If you have a question, please type it in the chat bar. Don't worry if you haven't spelt it correctly – we just want to hear your ideas and questions! Then the presenter will respond to your question at the appropriate time.
5. There will be some times when we ask you to mute your microphones during presentations so that we don't get too much background noise.
6. You do not need to wear school uniforms
7. Please be courteous at all times.
8. Due to cyber-safety guidelines, we ask that you do not share your full names or contact email during the program session.
9. For the passion project, you may choose to work individually or with up to three other students from your school. If there is somebody from another school that you click with and would like to work with, please email Kaye and she will provide contact details to your parents/guardians.
