COMING IN

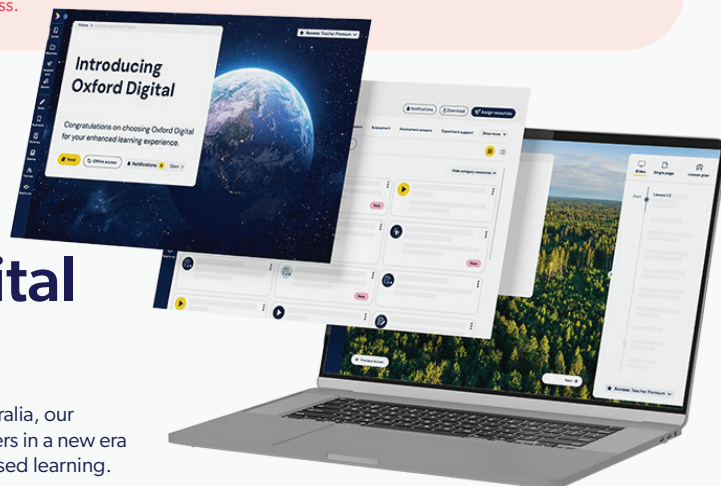

2025

**This brand-new teaching and learning resource has been written by local experts for the Victorian Curriculum: Humanities (Version 2.0).**

- All core content and skills are carefully aligned to the new curriculum, including new History content for 'Deep Time to the modern era' and a new option for 'The globalising world (1945–present).
- Concepts and skills are clearly scaffolded so every student can experience success at their individual level.
- Every lesson begins with learning intentions and success criteria. Learning activities are organised and scaffolded from lower-order to higher-order tasks, so all students can experience success.
- Hundreds of brand-new, curriculum-aligned videos made right here in Australia with our partners at ClickView. At least one video for every lesson. That's the entire course in video format!
- Increase engagement and reduce planning and preparation time with perfectly sequenced and timed lessons with classroom activities complete with interactive resources and answers.

## The new Oxford Digital is here!

Designed with teachers around Australia, our next-generation digital platform ushers in a new era of interactive teaching and personalised learning.

-  A **fully accessible**, web-based experience with 'read to me' functionality and a range of additional accessibility features to support a diverse range of learners.
-  Introducing **interactive lesson plans** and **Live Lesson mode**. Say goodbye to print-based lesson plans in favour of perfectly timed and sequenced interactive online lessons that are ready to go!
-  Core content presented in **bite-sized chunks** with interactive, videos, images, and **auto-marked learning activities** embedded throughout to support and engage students of all abilities.
-  **Powerful analytics** on student performance and engagement to help you plan, mark and report.
-  Introducing **Finch** – our **AI-powered student tutor**! Support for every student whenever they need it.

### Essential or Premium? You decide!

Oxford Digital now offers 'Essential' and 'Premium' options for schools based on budget and need. For a complete comparison of features and benefits, scan the QR code.
