

A young boy with dark hair is looking intently at a large, rough, golden nugget. The background is a blurred green wall with a pattern of small gold specks, suggesting a museum or historical site. The entire image is framed by a dashed black border.

Immerse Students in History at the Old Treasury Building

Excursions for History, Civics and Citizenship, Democracy. Level 2 - Level 10 & VCE (Victorian Curriculum)

The Old Treasury Building is a unique resource for students and teachers. A magnificent gold rush building, it reflects the growth of 'Marvellous Melbourne' and changing life in the city. From the basement vaults where gold was stored in the 1860s, to the elegant Executive Council Chamber, still used regularly by the Governor of Victoria, students experience one of Australia's most beautiful and historic buildings. Programs include the story of gold, the growth of democracy, early Melbourne, life in the city and the urban environment.

Programs offered are aligned to curricula for Levels 3 to VCE. The minimum number of students in a session is 10; the maximum is 50 (please check the website for any changes). Tours cost \$10 per student. Tours are allocated in one hour blocks. The first available tour of the day is 9:00am, the last 3:00pm.

In addition to our excellent and informative tours, the Old Treasury Building's website hosts a wide variety of well researched online exhibitions.
